

GWB Jackie Petterson Medal – Ladies Conditions of Play

In 2015, it was decided that the Ladies would award a Morrie Fanning Medal to the player who returned the best Stroke Average for the year.

In 2023, a new medal was cast to be known as the Jackie Petterson Medal, to be played for under the same conditions as the Morrie Fanning.

The following conditions were formulated.

“Recognised Golf Club” means a golf club affiliated with Golf Wide Bay.

1. All Open Days in the District will be recordable.
2. The Morrie Fanning medal is open to all female golfers who hold a current GA handicap and are members of a recognised golf club.
3. Gross Scores will be compared with the daily Par for compilation of results.
4. The District Championships will count as 2 separate days.
5. The best 6 scores to be counted resulting in the lowest total.

With the committee’s discretion, selected players may receive assistance towards entry into certain events as decided by the committee for that calendar year e.g., Country Week, Mid-Amateur, Senior Ladies etc.
